No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                                                                        US-10-717-665A-44_COPY_1_448

Pred. No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.

A;Title: Molecular analysis of a novel Schizosaccharomyces pombe gene containing two RNF A;Reference number: S68083; MUID:96171513; PMID:8598051
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               nucleolar protein gar2 - fission yeast (Schizosaccharomyces pombe)
NyAlternate names: probable RNA-binding protein RBD18
C.Species: Schizosaccharomyces pombe
C.Species: Schizosaccharomyces pombe
C.Accession: S55785; S60087; T37634; S52318
